120 V~ / 60 Hz / 52 mA

\* At \$0.11 per kWh when compared to 40W  
incandescent, 25,000 hour lifetime.  
\* A \$0.10/kWh comparado con bombillas  
incandescentes de 40W. Vida de 25,000 horas.

**LIMITED WARRANTY:** If this bulb does not operate for 3 years (based on 6 hours per day / 7 days per week of normal consumer use) from date of purchase when used as directed, return the bulb with proof of purchase, register receipt and your name and address to Cree, Inc. (Consumer Warranty), 4600 Silicon Drive, Durham, NC 27703 USA. Cree will send you a replacement or at Cree's option to refund the original purchase price. For warranty or other questions, please call 1-866-924-3645. **RETURN POLICY:** IF YOU RETURN THIS BULB, YOUR WARRANTY OBLIGATION, INCLUDING AND OTHER OBLIGATIONS, ARE EXCLUDED. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

**CAUTIONS & WARNINGS:** Not intended for use with emergency exit fixtures or emergency lighting. Risk of electric shock or burns. Turn power off and let cool before inspection or replacement. Do not open — no user serviceable parts inside. The only LED will be covered by a clear shell; a cracked, broken or missing cover will cause the bulb to fail. Do not use in multi-bulb enclosed fixtures, together with other bulb technologies (e.g. incandescent, halogen, CFL, CFL-A). Suitable for use in operating environments between -25°C and +35°C (-13°F and +95°F). Suitable for damp locations, but not for use where exposed directly to weather or water. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) the device must accept any interference received, including interference that may cause undesired operation.

Within the  
"Lighting Facts"  
box (left) you can  
see 2700K (Kelvin)  
listed for the  
soft-white bulb.  
This LED replaced  
an old 60 watt  
bulb and provided  
a similar amount  
of light for  
our home.
